Dear Photographer-friend,

Enclosed please find your CD copy of Robert Amoruso's Merritt Island/Brevard County BIRDS AS ART Site Guide. You will need Adobe Acrobat Reader to open the PDF.

Thanks for your order and for your faith in me and the info that we provide. Please of course, do not share this info with anyone but your spouse (if you have one). Thanks

If you need any additional info, please get in touch with Robert Amoruso at: [photo\\_rja@adelphia.net](mailto:photo_rja@adelphia.net) If you find any errors or typos, or if you are confused by any of the directions, please let me know. Lastly, I would appreciate hearing what you think of the guide, especially after you visit the various locales.

Best, and thanks again, and love and hugs,

artie

All images in the Merritt Island/Brevard County Site Guide are copyright 2007 Robert Amoruso.

If you would like to learn about the techniques and equipment that we use to create our images, do take a look at my new CD book, The Art of Bird Photography II: <http://www.birdsasart.com/ABPII.htm> At 916 pages with nearly 900 spectacular images, the CD is packed with tons of great information that will help you to create better images.

And if you think that BAA digital images look pretty darned good, check out our Digital Basics File (which, includes free updates for life): <http://www.birdsasart.com/digitalbasics.htm>
